West Forever...

Dear Andrew,

2009, although not moving at a crazy speed, has been surprisingly busy in bike terms..

We hope you are all well and of course that you are having a fun and safe time on the roads in your respective countries.. Europe will be pulling their bikes out of shelter after the winter and here in Tropical North Australia, we are polishing ours now that the big wet season is over (we think)..

Please find a few news worthy items included in this newsletter and if you have the chance, come join us for a ride in 2009.. it is not too late to take the plunge..

Sincerely,
Ken Iversen & Pascale Gerson
